

Our Products in Cocoa Processing Industry

Adding value to the product and the process

Who we are

PrARAS Bio-Sciences Pvt. Ltd., incorporated in 2007, is a bio-science company. PBPL is engaged in the manufacture of speciality biochemicals for diverse industries like breweries, distilleries and food processing. We provide industrial biotechnology solutions for product/ process improvement, cost savings, import substitution and greater sustainability to our customers.

We have a FSSAI Licensed manufacturing facility in Bengaluru, India with ISO 9001:2015 and ISO 22000:2005 certification

Our Products

PrARAS offers a comprehensive range of natural products which adds value to the food making process. Our wide variety of biochemical, enzymes and cultures improves quality and shelf-life.

Cocoa Processing Industry

The plantation crop fermentation boosters of Praras improve the fermentation and drying process of cocoa and coffee beans leading to improved bean quality and greater returns in revenue and product quality
